

Rob's Rapport

You will find included with this month's newsletter an excellent contact document devised by Hillingdon NHW. As well as having all the contact details for your local Safer Neighbourhood Teams there is also a useful flowchart to help you decide when to call 999, 101 or use other means. Please keep it on your fridge door or notice board for when you might need it.

Inspector Rob Bryan

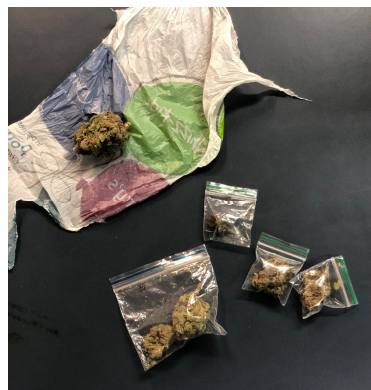

Hillingdon's Beat

Operation Wolverine. The West Area now has a dedicated team of officers who go into our hotspots for violence and make their presence known. They have been having excellent results, using stop and search really effectively to get weapons off the streets. Earlier this month they stopped and searched someone in Hayes. Found on him was this knife and he was also wanted for burglary. One moire villain off the streets.

You might not have seen them, but the drug dealer did. I know people bang on about not seeing Old Bill on the streets. Well I can guarantee

they are out there. South Ruislip Safer Neighbourhood

Team were recently patrolling the ward when most of you were tucked up in bed and an unsuspecting drug dealer most definitely got to see them (and subsequently spend

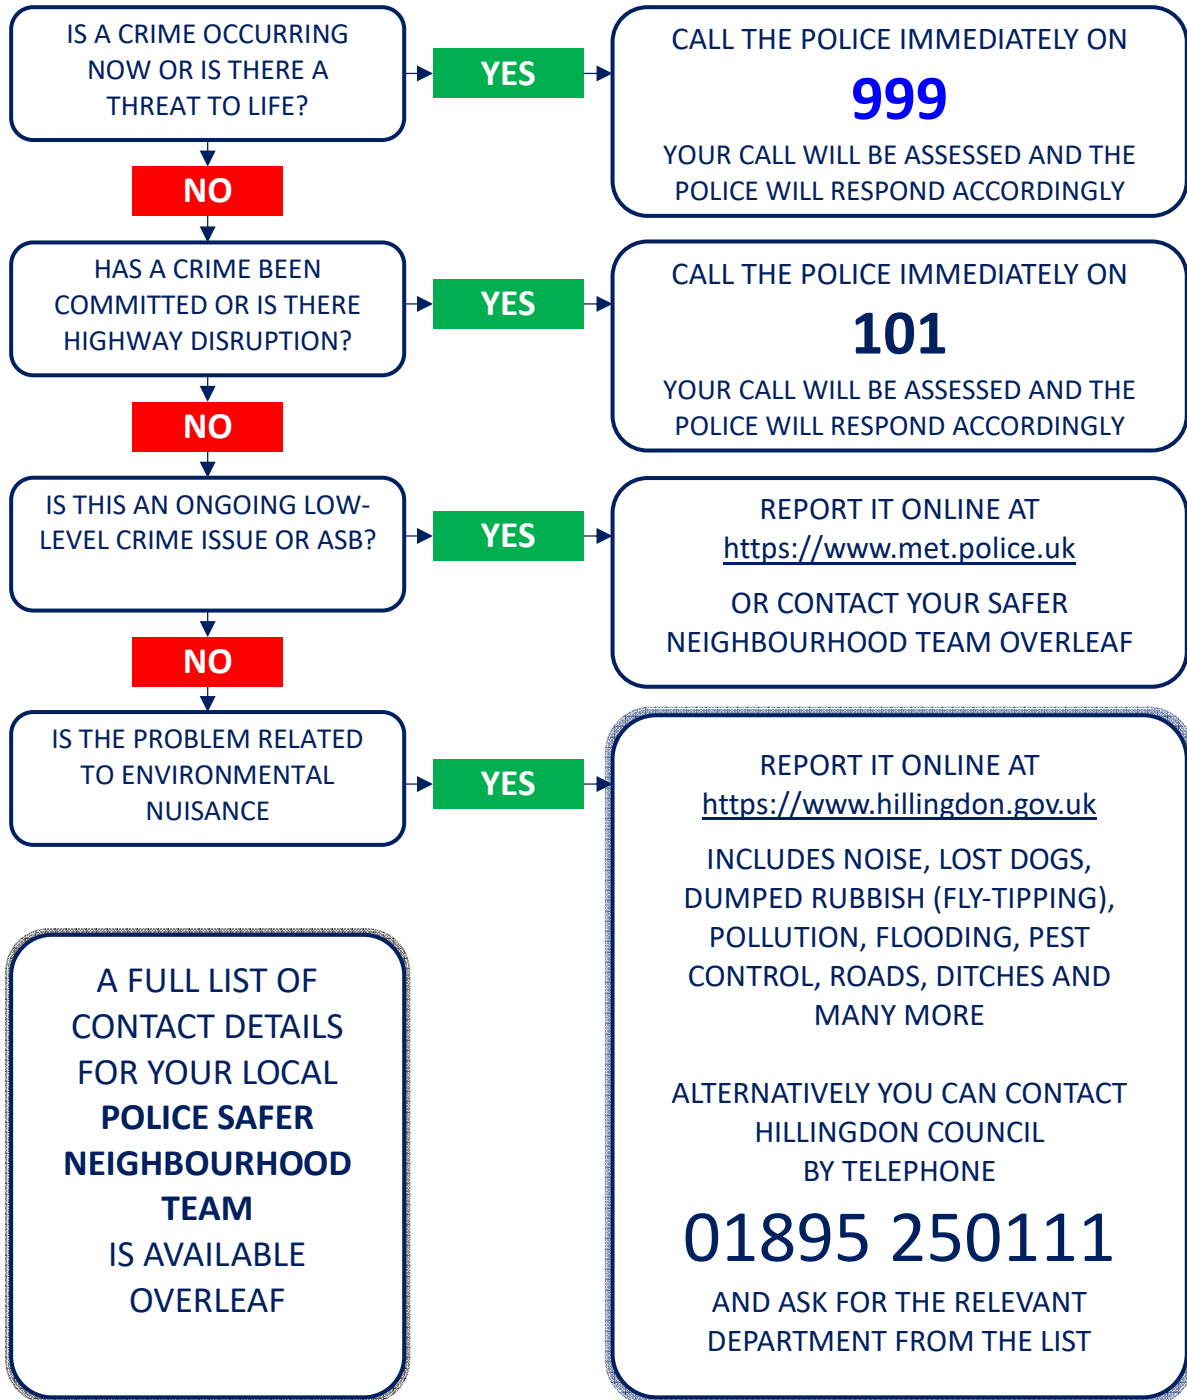

some considerable time with them in our custody suite).

Operation Stallion. And we also have a team of interceptors driving top range police cars fitted with automatic number plate readers, catching the crooks who use the road network. Their successes include stopping stolen cars being driven by disqualified drivers, stopping cars involved in burglaries and seizing motors with no insurance. If you are a villain wanting to carry weapons or drive around uninsured, you come to Hillingdon at your own peril.

Speeders beware. The Cavendish Safer Neighbourhood Team have been using their newly calibrated speed gun to good effect across the ward. Some facts - 1. We make no money from issuing speeding tickets, 2. We do speed checks because local residents ask us to do it, not because we are bored or it is easy and finally 3. We often find social media posters get quite irate that we should dare to enforce this part of the law. Is it perhaps because the majority of those we have to stop are locals and not drivers just passing through. Don't get upset if you get caught speeding one road from home – just slow down.
