**“RUBBISH-NOT WORTH THE CO-ORDINATOR’S EFFORT TO DELIVER IT”** If you have any comments on this Newsletter please express them via our telephone number or email address as given above. Naturally we hope that you will be more positive than the lady quoted. Others have said they think it not relevant and asked for more detail on the statistics side.

**Detailed statistics** are available on the Met web site [www.maps.met.police.uk](http://www.maps.met.police.uk)

The Neighbourhood & Home Watch Network has a very informative web site at: [www.ourwatch.org.uk](http://www.ourwatch.org.uk).

For those without computers we hope soon to make available “The Neighbourhood Watch Co-ordinators Handbook of Crime Prevention”. We already have this 18 page excellent booklet electronically available and will hope to circulate it on the Co-ordinators’ and ‘Messages’ list of email addresses that are registered with us

**GOOD NEWS**

**Total Crime is down across the Met and in Hillingdon by 10% over the last year. The three month trend is 10% down in the Met and 23% down in Hillingdon.**

**On 23<sup>rd</sup> January Operation Big Wing saw 21 Search Warrants executed in Hillingdon and 29 arrests for offences of theft, burglary, assault, arson and drugs. There were also 6 cannabis seizures and dispersals of groups behaving anti-socially in dispersal zones.**

**On Monday 27<sup>th</sup> January at the Civic Centre there was one of a series of Metropolitan Police Seminars at which Superintendent Des Rock and Chief Inspector Rob Wilson and other officers both celebrated the continuing trend in reduction in crime and gave accounts of what motivated them to continue to serve the community. Tribute was paid also to the valuable contribution made by the public at large and the various groups of volunteers who help keep police stations open and assist the police in specific ways.**

**Hillingdon Council continues to demonstrate its support for our police force in handing over four more vehicles they have paid for which will be deployed in the North cluster of wards.**

**MPS Non-emergency Tel. No. 101  
Crimestoppers Tel. No. 0800 555 111**

Co-ordinators and neighbours please feel free to make contact on the telephone number above, via the email address or write to us at Ruislip Police Station, The Oaks, Ruislip HA7 4LE.

**Future of the HNW Newsletter**

This will be kept under review by the Steering Group whose next quarterly meeting will be on Tuesday 11<sup>th</sup> March. As both of the ladies who volunteered to assist as Editors have now had to withdraw due to family commitments, as Chairman I have continued to preserve the existing format pending a new editor emerging. As long as I am Chairman I shall seek to preserve its A4 hard copy format to be delivered through letterboxes because a) the co-ordinators have a reason to make some contact with their Watch once a month and b) the police can use it to communicate their messages. I see no reason to apologise for repetition because no matter how many times we or the police put out warnings a percentage of residents still fail to act on them.

**Beware!**

Detective Constable Rose warns of a telephone and internet fraud. The criminals call/email you posing as Microsoft, tell you that your computer or laptop is compromised and ask for permission to link remotely to your computer. Having gained access they try to convince you that a virus is in the system which can be removed for £170. Once you have passed your bank details over they take payment and call you back to tell you the problem is solved. **It is a fraud you never had a problem and they are not Microsoft employees.** To be more streetwise on line go to [www.cyberstreetwise.com](http://www.cyberstreetwise.com)

If you receive an email ‘from’ hmrc, the post office, major banks or a mobile telephone company telling you of a refund or an additional bill do not follow any of the instructions unless you are certain that it comes from the correct email address. Criminals are using email addresses very similar to the correct ones to lure you into disclosing your bank account details. **Be very careful.**

The co-ordinator of Moor Park Road in Northwood reports a neighbour who returned to her car outside Northwood College and put her handbag on the passenger seat. A criminal opened the door, grabbed the handbag and ran to a waiting car but when she attempted to stop the car it tried to run her over. Unfortunately she reported it to the Police on 101 and not 999, the number plate was false and there was a tablet in her bag with enough information on it to transfer £3,000 out of her account using her name to verify the transfer.

Inspector George in charge of the North group of wards asks you to be alert for any suspicious activity around communications manholes as several hundred metres of cable have been stolen from Seaton Drive.
