Data from MPS Crime Mapping

MPS figures for June were not available in time for publishing.

Burglaries Down Although the breakdown of the figures into Wards is not yet available as we have to go to print, the good news is that overall figures for residential burglary for the Borough are down from 124 in May to 98 in June. Keep being careful to lock up your homes when you leave and alert neighbours to keep an eye out when you're on holiday so that the figures stay low.

National Neighbourhood Watch Week Unfortunately we missed this in June 2014. The theme was 'fraud and cybercrime' and you can still download a pack from www.ourwatch.org.uk which is run by the Neighbourhood and Homewatch Network (a national organisation). We shall try and do better for 2015. One date that is fixed is The Big Lunch, first Sunday in June 2015, the annual day for neighbours to get together.

Top of the range car owners This applies particularly to owners of Land and Range Rovers and BMW X and X6 series where car thieves have been by passing car security systems and stealing the cars. So far it is most common in central London, Kensington and Chelsea. The remedy police advise is to use a simple steering wheel or gear stick lock. In any event always remember to take all valuable contents with you.

Favourite tricks of the cold calling con men 1) May I help fix your computer problem? Computer companies never make unsolicited calls like this. 2) May I rescue you? Callers may pretend to be police, bank or even the government agency, Action Fraud. Be very careful, phone the number you know to be correct from another phone or later. 3) May I help block your unwanted callers? The caller is just another one!

The future of Hillingdon Neighbourhood Watch

After the AGM in August we hope to be meeting Inspector David George and Nick Downing, the new Borough Commander, to map out the future for HNW in the new Local Policing Model alongside the Safer Neighbourhood Board and revitalised Ward Panels. Our overall aim will be to improve the two way flow of information between police and public as well creating a practical crime prevention facility that is within the power of the volunteers of the Steering Group to deliver. Plus we hope to keep the Newsletter going!

Whatever the future brings we shall try to keep the encouragement of new watches and revival of dormant ones uppermost in our minds. This month we welcome Watches: Keith Park Road, Uxbridge (inc Tedder & Portal Closes) and Brookdene Drive, Northwood. Well done!

{There is more information on our web site on all the topics in this Newsletter and other matters}
www.hillingdonnhw.co.uk}

Steering Group, who are you? We are Ian (Chair, Treasurer and Editor), Lynette (Secretary, Administrator and Store custodian), Dave (web site, police liaison and computer), Brian (police liaison) and Dominic (analysis of data, computer and format of Newsletter). There is still a need for the two hours a week person(s) at Ruislip Police Station to back up Lynette and be prepared to go through the Met vetting procedure.

No matter what the particular reminders in the Newsletter, are the fundamentals are always to be careful of yourself and your neighbours especially the young or old and vulnerable. Use maximum common sense phoning for help when it is needed (101 or 999 in emergency).

**BE AN ACTIVE GOOD NEIGHBOUR,
 BE ON WATCH AND
 BE ON A WATCH.**
